

## About Your Brick

Each 4" x 8" brick is hand-stamped before it is fired, ensuring that your personalization lasts a lifetime. Bricks are ordered from the manufacturer approximately three times per year. Once bricks arrive they will be placed in the walkway as close to their arrival as possible. You will be notified of the placement and location of your brick(s) as soon as they are installed.

Each brick has space for three lines of text with 15 characters per line. Spaces count as characters. (All uppercase letters.)
